

LEARN MORE ABOUT OUR VAA MODULES

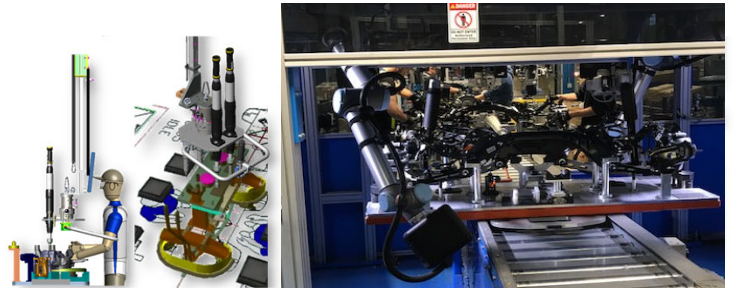

LOCATION

Quality And Inspection

- AI Vision Inspection Systems
- Collaborative flexible Inspections

CAPABILITIES

Assembly Technology

- JIT Sequenced Supply Chain Planning
- Flexible Assembly Systems
- Advanced Torque Strategies Error Proofing
- Part Traceability
- MES Increased Productivity and Quality
- Electronic Operator Work Instructions
- Quality assurance planning in operations process

Process Automation

- Inspection, Torque, Material Handling

Process Simulations Planning

- Assembly Processes
- Throughput
- Material Routing
- Robotic Torques
- Consolidation
